Dear Ms. Lloyd,

I would like to take this opportunity to thank you for your role in arranging the "Art of Paying for College" workshop presented at James Caldwell High School on October 26, 2006. The presenter, Jackie Parker was outstanding. She was knowledgeable and well prepared with a comprehensive power point demonstration. She was able to intersperse humor throughout the presentation which helped parents to relieve some anxiety associated with the financial aid process. She answered questions with confidence and clarity and many parents remarked afterwards about the "excellent presentation."

We will most definitely recommend your program to other schools and look forward to scheduling presentations with you in the future. Thank you again.

Sincerely,

Mrs. Maryanne Melnyk
Supervisor of Guidance
